Beta-Glucan

Beta-glucan (BG) is an oat derivative that provides anti-allergy, anti-inflammatory properties to cosmetic products. BG is suitable for sensitive skin care, baby skin care and reactive skin care. Through the topical application of beta-glucan, the natural protection systems in the skin can be revitalized. This results in the reduction of skin sensitivity. Furthermore, the ability of the skin to repair itself will be enhanced, yielding healthier and more lubricious skin.
